

Homes for Priya & Dev Malhotra

Prepared by Jas Sandhu · Pacific Gate Realty · September 6, 2026

What we're looking for

Beds	2, ideally + a den
Bathrooms	2 preferred (1 acceptable)
Type	Townhouse
Area	Willoughby (primary), open to Willowbrook
Price	\$750K–\$800K
Parking	1 spot minimum, 2 a bonus
Other	Newer construction preferred; small patio/balcony nice-to-have

This week's matches

8532 214 St, Willoughby

Townhome · 2 bed + den · 2 bath · 1,340 sqft · 2 parking · new build (2023)

\$786,500 (up from \$774,900)

Still the strongest fit — hits every criterion including the den. Price has moved up since last week; still under your \$800K approval, but worth moving on if you love it.

22015 46 Ave, Willowbrook

Townhome · 2 bed + den · 2 bath · 1,290 sqft · 1 parking · resale (built 2015)

\$758,000

New this week. Strong match on price, beds, den and bathrooms. The one thing it doesn't hit is newer construction — it's a 2015 resale, not brand new.

Worth a second look

Outside exactly what you told us, but close enough that we didn't want to leave it out.

4410 200 St, Murrayville

Townhome · 2 bed + den · 2 bath · 1,310 sqft · 2 parking · new build (2024)

\$748,000

You didn't ask about Murrayville, but this one hits everything — including new construction and 2 parking — at a price under your preferred anchor. Flagging it in case it's worth a look outside your stated area.

A note from Jas

Priya, Dev — found one worth seeing. 8532 214 St in Willoughby: 2 bed plus a den, 2 bath, tandem parking for two, brand new construction. It's crept up to \$786,500 since last week, so if you love it, worth moving. No pressure, just don't want you to miss it.

Sample report generated for internal testing of Realtor AIOS's client-profiles and monday-skill modules. Listing data shown is fictional test data created during module testing, not live MLS or REALTOR.ca listings — nothing here should be treated as a real, current, or available property. A real report follows the same format using listings the realtor has personally found and pasted in, and always carries a reminder to verify current status against the board's MLS system before contacting anyone about a listing.
